Improved Air Quality

Microbes can double every 20 minutes on an untreated surface!

Standard plastic pan with visible mold

UV resistant plastic pan with Microban® antimicrobial additive

Mold is part of our environment and there are no practical ways to completely eliminate mold spores. The best defense against mold in a home is to prevent it from taking hold through moisture control and the use of mold resistant building materials.

Every Healthy Solutions® coil features Microban® technology, providing added protection against the build-up of mold and mildew within your system!

The ADP Advantage...

PROTECTION

ADP is the exclusive provider of coils featuring antimicrobial product protection by Microban®, a recognized consumer brand.

QUALITY

ADP proprietary testing technology ensures leak-free performance at the higher operating pressures of R-410A systems.

SERVICE

Healthy Solutions® coils are made for seamless installation and easy access.

ENERGY SAVINGS

Many models are available to achieve higher SEER levels for ENERGY STAR compliance, utility rebates, and federal tax credits.

WARRANTY

Healthy Solutions® coils feature an available 10-year limited warranty. Simply register online at www.adpwarranty.com.

Perfect Attic Solution

Dedicated horizontal coils offer a strategic advantage over standard multi-position coils!

Sloped Drain Pan

Patent pending "V" pan directs water to the front of the pan and away from furnace flue connection

Dual Drain Connections

Green/Red connections on each side for easy installation

Perfect Furnace Fit

Coil matches furnace width, no adaptor required

5 Ton Attic Access

21" solution easily passes through 22" attic opening

Top Refrigerant Connections

Counter flow and line re-routing required
